**Next Alliance Training Workshop Thursday, April 27**  
**SkillPath presenting “Finance & Accounting for Non-Financial Managers”**

ST. CHARLES COUNTY, MO --- “Finance & Accounting for Non-Financial Managers” will be presented by SkillPath at the next Alliance training program offered by the Economic Development Center (EDC) of St. Charles County on Thursday, April 27 at St. Peters City Centre.

This four-hour workshop will begin at 7:30 a.m. and is part of 16 professional training seminars scheduled for 2006. The instructor will be Paul Pearce, a Texas-based CPA for more than a decade and a former bank CEO with 23 years experience in banking and financial services.

Alliance members may attend the four-hour April 27 event for free. The general public is also welcome and admission is \$125. Advance registration is required and going on now. Continuing education credit will be awarded to participants. Full breakfast will be served.

At this seminar, attendees will learn the practical concepts and skills to be more comfortable with financial terminology and reports, more confident about making financial plans and decisions, and more productive and valuable as a member of an organization’s management team.

As an avid Harley-Davidson rider, Pearce promised his seminar would be informative, wide-ranging and sprinkled with humor and interactivity.

The 2006 Alliance series is co-sponsored by 90.7 KWMU FM. Additional event sponsorships are still available.

The Alliance is an exciting new partnership for business people, community and civic leaders and takes the success of the EDC’s former Executive Forum program to new heights of training and networking.

To register or for more information, call the EDC at 636-441-6880 or send an e-mail to: [stephanie@edcstcharlescounty.com](mailto:stephanie@edcstcharlescounty.com)
